

Autumn Term

Lesson 1:	Week 4
Title	Addition and Subtraction of Money
Learning Objective:	<ul style="list-style-type: none"> <li>● To recognise all coins</li> <li>● to find totals</li> <li>● how to add numbers</li> <li>● how to add several numbers together.</li> </ul>
Mental Warm Up:	Recognise different coins
Main Lesson Idea:	Today we are going to use money to calculate.
Educational Challenges	<ul style="list-style-type: none"> <li>● Investigate coin combinations. Use coins 5p, 2p, 2p, 1p, 1p.</li> <li>● Investigate coin combinations. Use the coins 10p, 10p, 5p, 2p, 2p.</li> <li>● Investigate coin combinations. Use coins 20p, 10p, 5p, 2p, 2p. Complete activity using four coins.</li> </ul>

Lesson 2:	Week 4
Title	Addition and Subtraction of Money
Learning Objective:	<ul style="list-style-type: none"> <li>● solve money problems</li> <li>● recognise coins</li> <li>● add a one-digit number to a two-digit number without crossing the tens.</li> </ul>
Mental Warm Up:	Counting coins
Main Lesson Idea:	Today we are going to choose things to buy and find out how much they cost.
Educational Challenges	<ul style="list-style-type: none"> <li>● Choose things to spend your money on. Use the smallest number of coins.</li> <li>● Choose things to spend your money on.</li> <li>● Choose things to spend your money on.</li> </ul>

Lesson 3:	Week 4
Title	Addition and Subtraction of Money
Learning Objective:	<ul style="list-style-type: none"> <li>● solve money problems and give change</li> <li>● subtract a one-digit number from a two-digit number</li> <li>● subtract a one-digit number from a twenties number crossing 20</li> <li>● make decisions if to use a + or –.</li> </ul>
Mental Warm Up:	Solving money problems.
Main Lesson Idea:	Today we are going to make and play a game using money.
Educational Challenges	<ul style="list-style-type: none"> <li>● Everyone is using the games they made earlier.</li> <li>● Get into pairs from your group.</li> <li>● Start with the right amount of money.</li> <li>● Roll the dice and move that number of spaces.</li> <li>● If you land on something, you must pay that price.</li> <li>● Take change from the ‘store’.</li> <li>● The player with the most money at the end of the track is the winner.</li> <li>●</li> <li>●</li> </ul>

Lesson 4:	Week 4
Title	Addition and Subtraction of Money
Learning Objective:	<ul style="list-style-type: none"> <li>● make decisions if to use a + or –</li> <li>● use inverse operations</li> <li>● add a one-digit number to a teens number</li> <li>● subtract a one-digit number from a twenties number</li> <li>● add and subtract.</li> </ul>
Mental Warm Up:	What strategies could we use for subtracting?
Main Lesson Idea:	Today we are going to find ways of checking change.
Educational Challenges	<ul style="list-style-type: none"> <li>● Working in pairs, make circuit with ‘Money cards’.</li> <li>● Make circuit with ‘Money cards’.</li> <li>● Make circuit with ‘Money cards’. Make own circuit problem cards for someone else to solve.</li> </ul>

Lesson 5:	Week 4
Title	Addition and Subtraction Strategies and Money
Learning Objective:	<ul style="list-style-type: none"> <li>● understand the value of money</li> <li>● find strategies for finding equal amounts of money.</li> </ul>
Mental Warm Up:	I pay with a 20p for beans. What is my change? Solve the change for different problems.
Main Lesson Idea:	Today we are going to find different coins that have the same value.
Educational Challenges	<ul style="list-style-type: none"> <li>● Find different ways of making 10p using different numbers of coins.</li> <li>● Work as a group. Make different amounts of coins from 2p to 10p.</li> <li>● Work as a group. Make different amounts of coins from 2p to 10p. Extend to 20p or £1.</li> </ul>

## *Where Can I Find More Resources Like This?*

- You can now visit my teaching resource website at <http://www.DrFog.co.uk>
