

Autumn Term

Lesson 1:	Week 9
Title	Addition and Subtraction
Learning Objective:	<ul style="list-style-type: none"> <li>● complete adding and subtracting problems</li> <li>● add several numbers</li> <li>● understand that adding but not subtracting can be done in any order.</li> </ul>
Mental Warm Up:	What's my number operation?
Main Lesson Idea:	Today we are going to work on calculations involving three numbers.
Educational Challenges	<ul style="list-style-type: none"> <li>● Practise adding and subtracting by making number sentences.</li> <li>● Practise adding and subtracting by making number sentences.</li> <li>● Practise adding and subtracting by making number sentences.</li> </ul>

Lesson 2:	Week 9
Title	Subtracting from Multiples of 10
Learning Objective:	<ul style="list-style-type: none"> <li>● understand the words used to describe adding and subtracting</li> <li>● subtract a one-digit number from a multiple of 10</li> <li>● record the answers in different ways.</li> </ul>
Mental Warm Up:	Today you will be given a number. You must add or subtract to make it equal 10.
Main Lesson Idea:	Today we are going to subtract from multiples of 10.
Educational Challenges	<ul style="list-style-type: none"> <li>● Practise subtracting using a hundred square.</li> <li>● Practise subtracting from multiples of 10.</li> <li>● Practise subtracting from bigger multiples of 10.</li> </ul>

Lesson 3:	Week 9
Title	Subtraction
Learning Objective:	<ul style="list-style-type: none"> <li>● use words to describe subtraction</li> <li>● subtract a one-digit number from a multiple of 10.</li> </ul>
Mental Warm Up:	You will be given a number card between 0 and 20. When the teacher calls your name, call out the number two more than on your card.
Main Lesson Idea:	Today we are going to work on subtraction.
Educational Challenges	<ul style="list-style-type: none"> <li>● Practise subtracting.</li> <li>● Identify wrong and right subtraction sentences.</li> <li>● Practise subtracting.</li> </ul>

Lesson 4:	Week 9
Title	Describing Money
Learning Objective:	<ul style="list-style-type: none"> <li>● use words to compare and order numbers</li> <li>● recognise coins</li> <li>● total money</li> <li>● understand different monies can be the same.</li> </ul>
Mental Warm Up:	Playing Bingo with numbers
Main Lesson Idea:	Today we are going to work on subtraction.
Educational Challenges	<ul style="list-style-type: none"> <li>● Describe amounts up to 20p using mathematical words.</li> <li>● Describe amounts between 20p and 50p using mathematical words.</li> <li>● Describe amounts of money between 20p and 50p using mathematical words.</li> </ul>

Lesson 5:	Week 9
Title	Rounding and Money Problems
Learning Objective:	<ul style="list-style-type: none"> <li>● round amounts to the nearest 10p</li> <li>● approximate and order numbers on a number line</li> <li>● recognise coins</li> <li>● be able to total money together.</li> </ul>
Mental Warm Up:	Your teacher will hand out number cards from 1 to 20. You must give the number and 'two more'.
Main Lesson Idea:	Today we are going to position amounts of money on a number line and then round them to the nearest 10p.
Educational Challenges	<ul style="list-style-type: none"> <li>● Your teacher will read out some numbers.</li> <li>● Round them to the nearest 10p.</li> <li>● When you cross out all your numbers, call out "Bingo!".</li> </ul>

## *Where Can I Find More Resources Like This?*

- You can now visit my teaching resource website at <http://www.DrFog.co.uk>
- You can [click here](#) to search for more of my teaching resources.
