

Shape and Space

Year 2 Spring Term Week 6

Lesson 3

Today we will be learning to:

- solve problems and recognise patterns
- recognise and describe line symmetry
- complete symmetrical patterns.

Mental Activity

100g

350g

45g

101g

110g

12g

67g

500g

34g

67g

89g

34g

Put these weights into order – heaviest first.

100g

350g

45g

101g

110g

12g

67g

500g

34g

67g

89g

34g

What is the difference between the heaviest and lightest weights?

Main Activity

We are going to continue looking for and using lines of symmetry.

Group Work

Group 1

- Make symmetrical patterns with paint and paper or pegs and pegboards.

Group 2

- Find symmetrical letters.
- Make a poster.
