

# Time

**Year 2 Summer Term Week 12**

**Lesson 4**

# Today we will be learning to:

- solve simple time word problems
- explain how a problem is solved
- read the time from clocks.

# Mental Activity

Count on in intervals of 15 minutes from

12 o'clock

to 2 o'clock.

**Counting in intervals of 15 minutes**

Start at 2 o'clock.

Count back in intervals of 15 minutes.

Stop at 12 o'clock.

Give me a start and finish time.

Count on in 15 minute intervals.

Now say it in digital notation.

# Main Activity

Today we will solve  
problems about time.

We can use clock faces to help us.

Use your clock face to help you  
to answer these questions.

Playtime begins at 10:45am.

It ends at 11:00am.

How long is playtime?

Use your clock face to help you  
to answer these questions.

Southampton to London

My train departs at 1:00pm.

It arrives at 2:15pm.

How long does the journey take?

Use your clock face to help you  
to answer these questions.

I start jogging at quarter past two.

I jog for 20 minutes.

What time do I finish?

Use your clock face to help you  
to answer these questions.

I put the cake into the oven at 3:00pm.

I need it to bake for forty-five minutes.

What time will it be done?

Use your clock face to help you  
to answer these questions.

Lunchtime begins at midday.

It lasts for one hour.

What time does it finish?

# Group Work

Solve time problems.

Solve time problems.

Solve time problems. Make up  
time problems with these  
answers: 15 minutes, half past  
7 and 8:45.
