Addition and Subtraction Strategies and Money

## Year 2 Autumn Term Week 5 Lesson 1
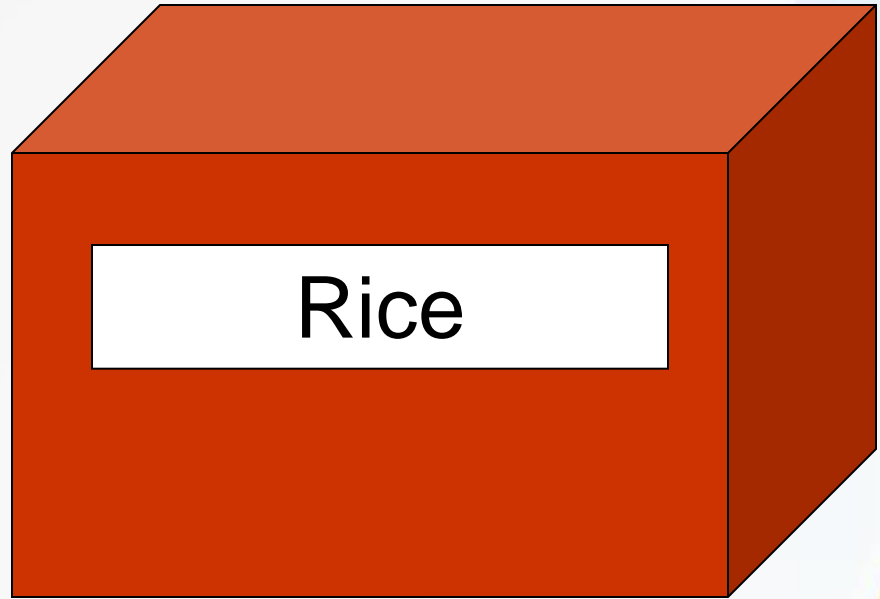

Today we will be learning to:

- understand the value of money

- find strategies for finding equal amounts of money.

Mental Activity

Beans

Rice

15p

5p

I pay with a 20p for beans.
What is my change?

Beans

15p

Rice

5p

I pay with a 10p and a 2p coin for rice. What is my change?

Beans

15p

Rice

5p

I pay with a 20p and a 1p coin for rice. What is my change?

Main Activity

Today we are going to find different coins that have the same value.

How many different ways can you make 5p?

5p

2p + 1p + 2p

2p + 1p + 1p + 1p

1p + 1p + 1p + 1p + 1p

Have you found any others?
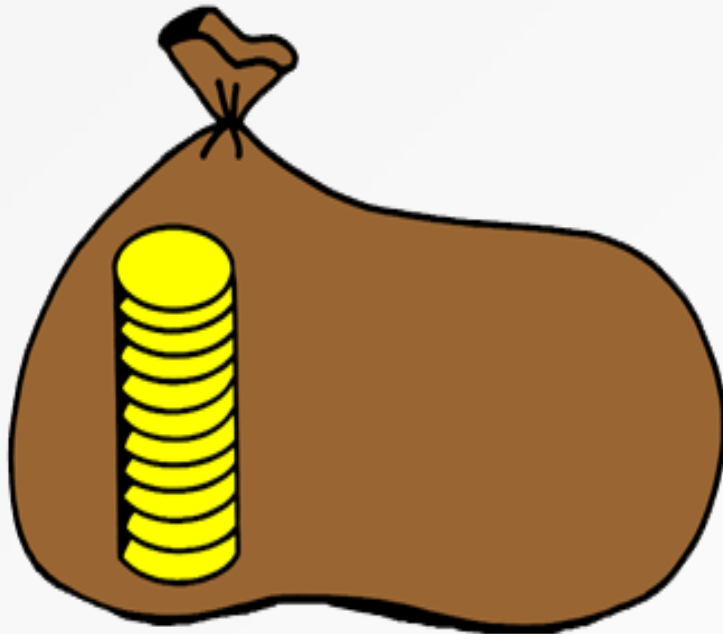

How many ways of making £1?

50p + 50p would have to be put into the two coin bag.

How many ways of making £1?

## How many 10p coins would you need?

10

How many ways of making £1?

How many 2p coins make £1?

50

How many ways of making £1?

How many 20p coins make £1?

5

How many ways of making £1?

How many 1p coins make £1?

100

How many ways of making £1?
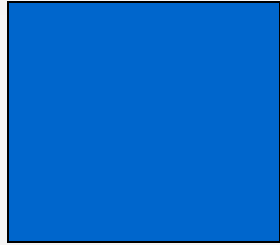

## How many 5p coins make £1?

20

You have ten 10p coins.

Change one 10p for two 5p coins.
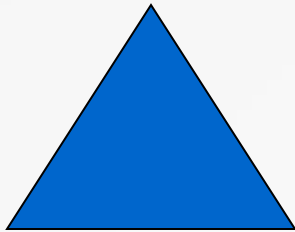

Now you have 11 coins.

Group Work

■	Find different ways of making 10p using different numbers of coins.
●	Work as a group. Make different amounts of coins from 2p to 10p.
▲	Work as a group. Make different amounts of coins from 2p to 10p. Extend to 20p or £1.
