

**Time, Making
Decisions and
checking Results**

Year 2 Autumn Term Week 12

Lesson 5

Today we will be learning to:

- solve a problem involving time
- explain the work and record the answers
- change units of time.

Mental Activity

'Clap back'

You teacher is going to clap in a pattern.

You must 'clap back' the same pattern.

Count the different parts of patterns.

Main Activity

Today we are going to use timers to solve some problems involving our greeting cards.

How could you solve this problem?

How long does it take to write a card and envelope ready to send to someone?

What would you need to use to measure it?

How could you solve this problem?

How long does it take to write a card and envelope ready to send to someone?

How long will it take?

Will it take seconds, minutes, hours?

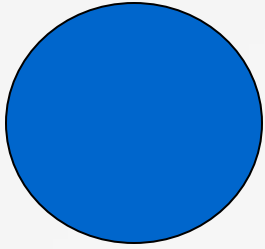

You know how long it takes to write one card.

How could we find how long it would take to write two or three cards?

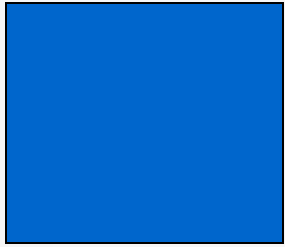

How long will it take?

Will it take seconds, minutes, hours?

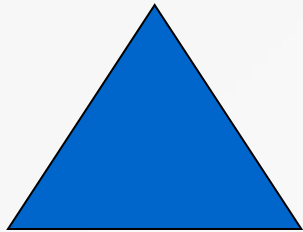

Group Work

Time how long it takes you to write one, two and three cards.

Time how long it takes you to write one, two and three cards.

Time how long it takes you to write one, two and three cards.
