# Making labels for Classroom Equipment

Reception (National Numeracy Strategy)  
(Based on DFEE Sample Lessons)

# Resources

- Everyday packages showing number of their contents.
- Classroom signs showing numbers.
- Self-adhesive labels.
- Wooden or plastic numerals
- Number Stamps
- Number frieze
- Classroom equipment.

# Mental Learning Objective

- Today you are going to learn how numbers help organise the classroom so that we don't lose things.

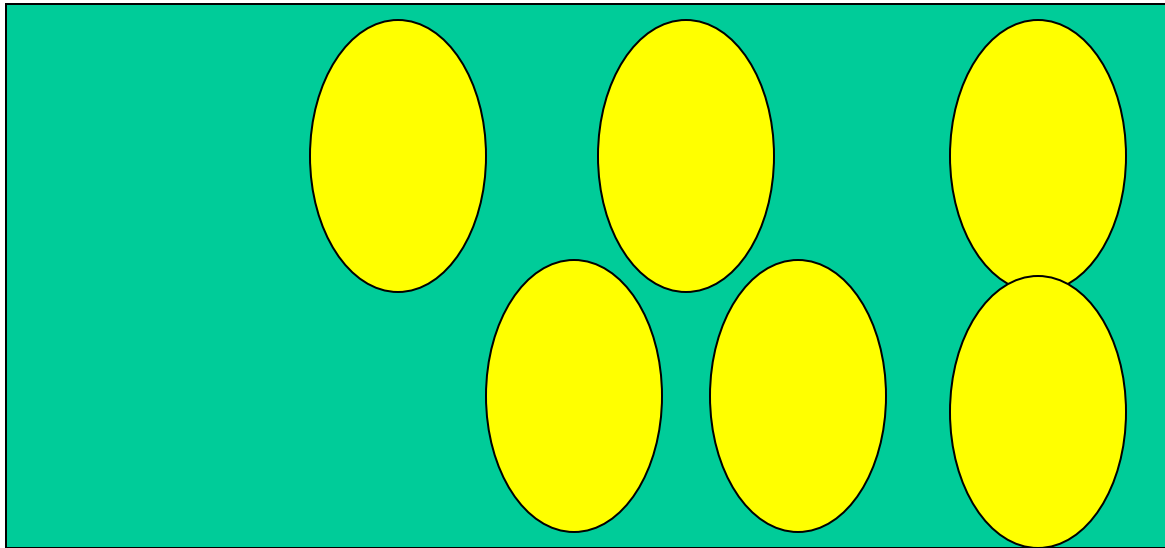

# Mental Learning Task

6 eggs

- What does this number mean?

# Mental Learning Task

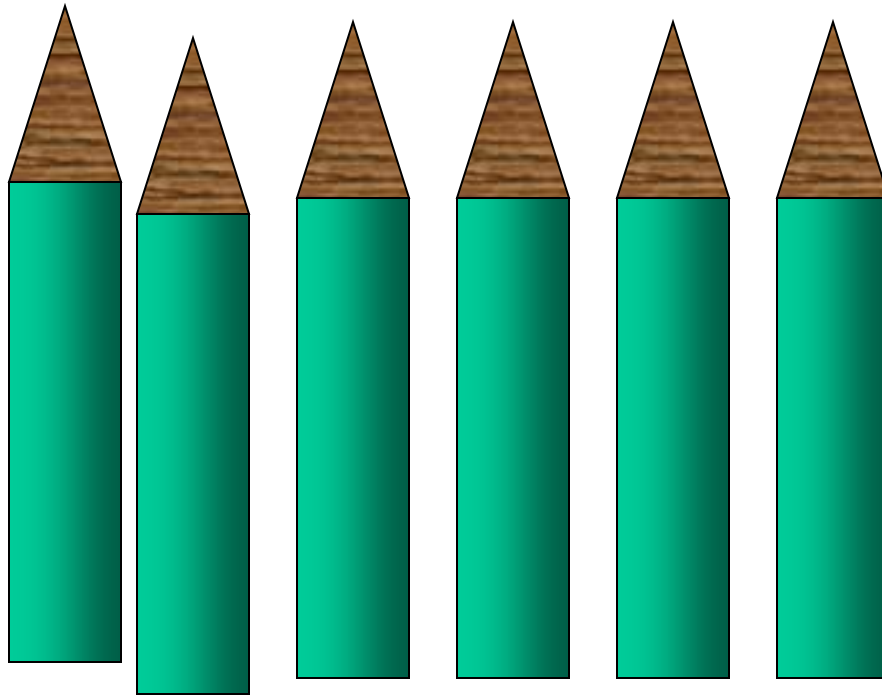

- How many eggs are there?

# Mental Learning Task

- How many Pencils do I have?

# Mental Learning Task

- Your teacher will show you other objects.
- Count how many she has of each.

# Mental Learning Objective

- Today you are going to learn how numbers help organise the classroom so that we don't lose things.

# Main Learning Objective

- I can read and write numbers.

# Main Learning Task

- Today we are going to make labels.
- First sit in groups of four to six children.
- What do we need to label?

# Main Learning Task

- Sort out the equipment we need.
- How many objects should go in each pot?
- You will write with your teacher the number of each objects in each pot.

# Main Learning Objective

- I can read and write numbers.

# Plenary

- Look at the pots we have labelled.
- Are the right number of things in each jar?
- How do you know?
- What have you learnt today?
