

Spring Term

Lesson 1:	Week 4
Title	Money
Learning Objective:	<ul style="list-style-type: none"> ● select and use the right calculation ● check our calculations ● solve money word problems ● find totals.
Mental Warm Up:	Anya has two coins of the same value. What are the possible amounts of money that she could have?
Main Lesson Idea:	Today we are going to be working on finding totals and checking calculations.
Educational Challenges	<ul style="list-style-type: none"> ● Choose a drink and another item from the café menu. Choose four possible options. How much would you spend each time? ● Choose four different options from the café menu. What is the most and least you could spend?

Lesson 2:	Week 4
Title	Money
Learning Objective:	<ul style="list-style-type: none"> ● solve money word problems ● recognise and use different value coins ● select the right coins to pay.
Mental Warm Up:	Make these circles into coins.
Main Lesson Idea:	Today we are going to show which coins we could use to pay for our items.
Educational Challenges	<ul style="list-style-type: none"> ● Choose two items from the café menu. Which coins could you use to pay for your choices? Could you use fewer coins? ● Choose two items from the café menu. Use coins to make up the totals. ● Choose two items from the café menu. Which coins could you use to pay for your choices? ●

Lesson 3:	Week 4
Title	Money
Learning Objective:	<ul style="list-style-type: none"> ● choose and use correct calculations ● check calculations ● solve money word problems ● find totals and give change.
Mental Warm Up:	What are the different ways I could pay?
Main Lesson Idea:	Today we are going to calculate totals and how much change we would need from 50p.
Educational Challenges	<ul style="list-style-type: none"> ● Each person must choose two items from the café menu. Who would get the most change from 50p? ● If you had 50p to spend on any two items, what would you choose to give you the most change and the least change? ● What two items from the café would you have to buy to get exactly 10p change?

Lesson 4:	Week 4
Title	Money
Learning Objective:	<ul style="list-style-type: none"> ● check calculations ● say what each coin is ● solve money problems.
Mental Warm Up:	Find two items that would cost more than 30p in total.
Main Lesson Idea:	Today we are going to be finding different ways of making an amount of money.
Educational Challenges	<ul style="list-style-type: none"> ● Get into pairs with someone from a different maths group. ● Find different ways to make 50p. ● Use only silver coins. ● Record as a 'spider chart'.

Lesson 5:	Week 4
Title	Money
Learning Objective:	<ul style="list-style-type: none"> ● make decisions and check calculations ● solve money problems ● use the appropriate number operation.
Mental Warm Up:	I buy two items that come to a total of 20p. How much could each of the items have cost? Write your answers as addition sentences.
Main Lesson Idea:	Today we are going to solve some money problems.
Educational Challenges	<ul style="list-style-type: none"> ● Choose two items from the café menu. Put the combinations under headings – ‘Less than 30p’ and ‘More than 30p’. ● Find two items that cost a total of 37p, 46p, 47p, 48p and 56p. ● Make up some prices for a friend to match to items on the café menu.
