

Year 2
Mental Maths
Test 2 Week 4

Term 3

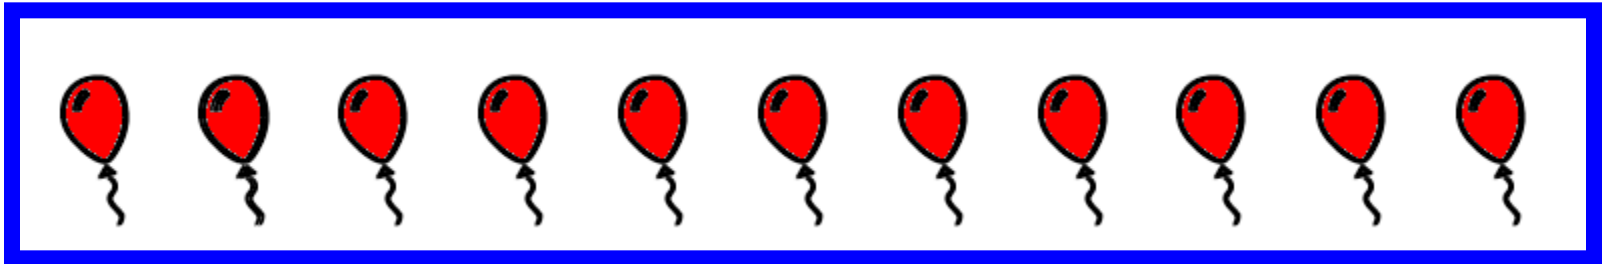

Instructions

- Test 2 (end of week 4)
- Listen carefully to each question. I will read each question twice before you write your answer

10 second response

Question 1

Put a ring around the
9th balloon.

Question 2

How many towers of 5 cubes can you make from 20 cubes?

Question 3

How many £2 coins do you get for £20?

Question 4

Andrew spent half of his pocket money. He had 40p left. How much did he start with?

Question 5

12 count on 9.

Question 6

How many 10p stamps
can you buy with £1?

Question 7

What shape am I describing? It has 4 square corners, 2 long sides and 2 short sides.

Question 8

Write 3 odd numbers
between 55 and 70.

A number line is shown with a blue border. The number 55 is written at the left end and 70 is written at the right end. A horizontal black line is drawn below the numbers. Above the line, there are three empty red square boxes, each centered between the 55 and 70 markers, intended for writing three odd numbers.

Question 9

36 minus 28.

Question 10

19 plus 23.

15 second response
